

Long-read → Meetup

Mainz, Friday 28th March

DATE

Friday March 28th, 2025
from 9 am - 13:00 pm

TARGET AUDIENCE

Local researchers and professionals exploring long-read sequencing technology.

LOCATION

Stiftungshaus, Johann-Friedrich-v.-
Pfeiffer-Weg 2, 55128 Mainz, Germany

TOPICS

everything from WGS applications to native RNA and base modifications sequencing

Knowledge Sharing of experiences from your own work and current challenges in the field.

Engaging Discussions on cutting-edge applications, workflows, and challenges.

Networking Opportunities to connect with fellow researchers and potential collaborators.

Register until
21.02.2025
